

Urgent Care Service

The new urgent care service for East Leicestershire and Rutland launched 1 April 2015.

It provides patients with more choice and increased access to healthcare at weekends, bank holidays and evenings. Minor injuries and illnesses will be treated locally and the service aims to reduce the time it takes patients to be seen and treated.

Accessing urgent care services is quick and easy:

When	Where
Weekdays 8am to 6.30pm	GP Practices in East Leicestershire and Rutland Contact your GP practice for a full range of services including minor injury.
